THE SMOKING BAN HAS GONE TOO FAR!

TO: Senator Joseph L. Bruno
New York State Senate
909 Legislative Office Building
Albany, NY 12247

Dear Senator Bruno:

Please listen to the Conservative Party... the Smoking Ban has gone too far!

This onerous law does not allow the free market to work... this burdensome law is causing the loss of business and jobs... this oppressive law is an affront to freedom — the freedom that allows businessmen to run their own business.

I join with the Conservative Party and urge you to amend the law to allow accommodation for all patrons. I urge you to amend this law to allow the owners of bars and restaurants to let the free market system determine how to run their business before this tyrannical law forces one more business to close.

Signed:
