

Official Citizens Petition to Albany to DEMAND Term Limits

Whereas: Corruption is rampant in Albany, with dozens of state-level officials ensnared in corruption cases in recent years. In many cases it is more likely for a lawmaker to be arrested than to be voted out of office;

Whereas: Term limits are the **ONLY** solution to this plague of corruption — because putting limits on how long lawmakers can serve will limit the power they can seize and the influence they can sell to special interests;

Whereas: More than 80% of New Yorkers agree with the Conservative Party on this issue, and support term limits as the best way to stop corruption;

Whereas: I expect my Senator and Assembly member to take a clear stand on this issue, and will base my vote on each lawmaker's views on term limits.

Therefore, Be It Resolved: That I, as a New York voter and supporter of the Conservative Party of New York, urge my state Senator and Assembly member to end the epidemic of corruption in Albany by **SUPPORTING** term limits.
